

## BPL Battle of the Books Multimedia Consent

Print, Visual, and Electronic/Online Media

Burlington Public Library (BPL) actively promotes our programs, services, spaces, and collections through multimedia (photo, video, graphic) content. This content may appear in print publications (annual report, program guides, etc.), on our website and social media channels, and/or in print, broadcast, and online news publications.

By completing this form, you give BPL permission to capture and publish multimedia content featuring yourself and/or the children named below. A parent or guardian must provide consent for a child under age 16. If you wish to withdraw consent, please contact the library and we will remove your images from our database.

---

### Information

Name of student (first/last): \_\_\_\_\_
